Dear BJ,

Thanks for building our new home. It is a first class job. Your ability to take the plans that Jill and I put together and bring them to reality was very special. We appreciate your hands on approach and the quality of your carpentry work. Your team of subcontractors and suppliers were great. We enjoyed watching the progress week by week and meeting many of the subcontractors while they were working on our house. We are very happy with the quality of their work.

Thanks for keeping the project on track, communicating and coordinating all of the activities that went into our finished home. When we had questions or items that we wanted to discuss, you were very accessible by email or phone and were very responsive to our needs.

We would highly recommend Nordenstrom Custom Homes and your services to anyone interested in building a new home or adding on to an existing home. We would be happy to show our place to anyone who may have an interest.

Thanks again,
